

We've compiled a limited regional list of some labour organizations to get you started thinking about the multitudes of organizations and workers who are protecting, providing, and serving our communities! Take inspiration here, but feel free to expand and create solidarity buttons for organizations and workers that are personal and local to you. Tag relevant workers and orgs if you share your buttons online!

Don't forget to also tag WAHC and use our hashtag [#solidaritybuttons](#) when you share!
